

Criteria for Applying to Become a CHIM Information Consulting Inc. (CHIM Consulting) Associate Consultant

Health Information Management (HIM) professionals will complete the application process, indicating their specialty areas and skills, and their willingness to allow their name to be used by CHIM Consulting, when bidding on potential business opportunities.

The following minimum qualifications must be met:

- Current CHIMA member;
- Minimum of three (3) credible references from peers, employers and/or consulting clients;
- A resume that reflects recent experience in identified specialty area(s);
- Ability to complete consulting engagements, for example, through secondment, incremental work time, willingness to consult on vacation or lieu time from work;
- Excellent time management and organizational skills.
- Minimum of 5 years HIM related work experience.

Previous consulting experience and completion of the CHIMA Consulting Workshop are considered assets, and may influence the selection of a candidate for a consulting opportunity.
