

Privacy Legislation Summary Across Canada

Emerging Privacy Management Practices in Health Care series

Module One: Privacy Awareness

2020-07-05

INTRODUCTION

This document focuses on privacy legislation applicable to health information in the private and public sectors.

While these acts are based on the same underlying principles, some differences exist. Organizations are responsible for understanding their specific obligations under the legislation to which they are subject.

For specific questions about how these guidelines apply to your organization, please contact the legal counsel in your organization or the commissioner's office in your jurisdiction.
